

## HARDSCAPES ORDERING FORM

### What You Need To Know

Before ordering, you should have the following information to ensure your order is accurate.

1. What is the total square footage of the area where the pavers are being placed?
2. If you plan on putting a border (Soldier/Sailor Course) around the outside, you will need the total linear feet of where it's being placed.
3. Are you doing the work, or a hired landscaper?
4. Will you need the base materials?
5. What is the linear footage for aluminum restraints if the pavers are not going against a house or concrete?
6. Do you plan on using silica sand or polymeric sand (glue) for your joints?

Please fill out this interactive form and email back to [info@westernturf.com](mailto:info@westernturf.com)
